Flea Treatment

Date: _____

Apartment: _____

Dear Resident:

Pronto Pest will be entering your home on the following date _____ to treat for fleas. In order to ensure the best treatment results for fleas the resident must cooperate in the preparation of their apartment for treatment.

The resident must:

1. Remove all clutter from floors, around and under bed, and furniture as well as clutter on furniture. (no cloth items should be on the floor including in a laundry basket and closet)
2. All food needs to be placed in sealed containers or placed in the refrigerators.
3. Vacuum all flooring area prior to treatment and dispose of contents of vacuum into plastic garbage bag and seal the bag. Dispose of bag into outside garbage container if possible.
4. Vacate the home as the treatment is being done and must stay out of the unit for 4 hours unless otherwise specified.
5. Any pets need to be removed from the home for the same duration as residents.
6. Vacuum at least every few days for up to 2 weeks and dispose of contents of vacuum.
