A Message to our Customers regarding COVID-19:

At Pronto Pest Management the health and well-being of our customers has been Pronto Pest Management's top priority for 38 years. In light of continuously-evolving COVID-19 concerns and the ever-increasing emphasis on social distancing, we want to share important information about how Pronto Pest Management following recommended workplace strategies outlined by the Centers for Disease Control and Prevention (CDC) and other health authorities to ensure your pest management needs are handled appropriately.

Pronto Pest Management remains dedicated to protecting you and your property while safeguarding against any interruption in your service by implementing these guidelines:

Pronto's technicians diligently sanitize their hands as a safety requirement connected with our industry.

Out of respect for you and your home, our technicians will be wearing gloves and respirators prior to entering your home/business. Technicians will maintain 6ft social distance protocol provided CDC guidelines.

It's important to remember that exposure to pests like rodents, cockroaches and bed bugs are a public health concern and create issues for the general public daily. Pronto Pest Management is continually working toward a pest free environment for our clients' ease of mind and protection of their health. Continuing to serve you in accordance with CDC guidelines throughout this crisis will ensure you can avoid pest problems that threaten your well-being in the weeks and months to come. Please know we respect our clients' concerns for their health and their employee's health, and we would do nothing to compromise this.

We value your patronage and will work with you to provide a safe and healthy environment for you and your family.

Sincerely,

Stephen Alcala
Owner
